

HOW TO DRAW A duck

by LUCINDA GIFFORD

YOU'LL NEED

A pencil
Paper
An eraser

ALSO GOOD

Maybe some ink
or a texta
Some coloured pencils
would be fun too

1. In light pencil, draw a circle for the head and a wide 'U' shape for the body.

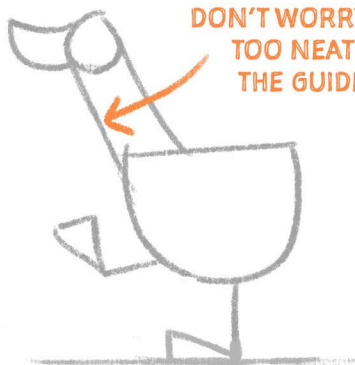

IT CAN BE GOOD TO ADD A LINE FOR THE GROUND

2. Add stick legs, triangle feet and a curve for the top of the beak.

3. Now join the shapes to make a neck and beak.

DON'T WORRY ABOUT BEING TOO NEAT - IT'S ONLY THE GUIDE DRAWING

4. Now add a tail, a wing. And make a circle for the eye.

5. Now think! What kind of **mood** is your duck in?

grouchy mood

OR

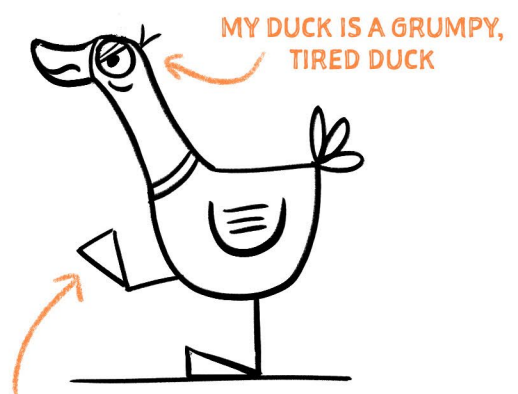

happy mood

?

you choose!

6. Now draw over or darken the lines of your drawing.

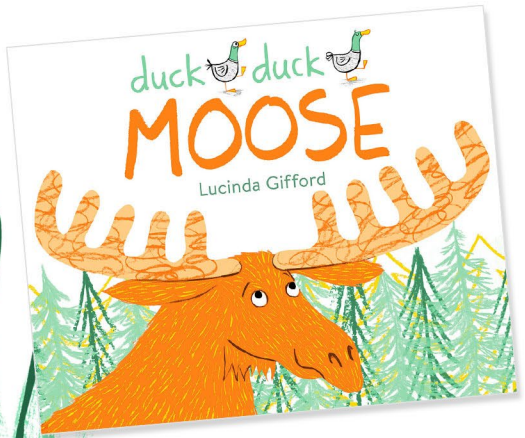

I DREW OVER MY DRAWING IN INK, AND RUBBED OUT THE PENCIL LINES

7. Finally, colour in your duck!

I'VE ADDED A BIT OF BACKGROUND.

HAPPY DRAWING!
